? *WISTP2009* ?

- Will certainly be more in North of Europe than the two previous editions and perhaps in end of May/beginning of June.
- Several proposals have been done, but you are welcome to send us few other.
 - Information will be used like DB for the next editions (so, proposals from South are also welcome :-))

? *WISTP2009* ?

- What we expect in the proposal:
 - Few words to justify the location
 - local contact, research group, institutional body, ...
 - Ways to reach it (easy or not), accommodation possibilities, ...
 - Arguments for the date (from beginning of May to end of June)
 - e.g. not at this time because it is bank holiday or a religious day in this country (local or foreign) or there is an event in the city/town, ...
 - Conflict or not with other security events (on date or location), ...
 - Few figures regarding accommodations, meals, ...
 - Information regarding potential (or real) future sponsors (private or public)
 - Few information regarding potential social events, ...
 - Any additional important information
-
-

? *WISTP2009* ?

- Timing

- Send proposals by the 15th of June to wistp2008sec@xlim.fr
- The new steering committee will decide the place before the 30th of June
- CFP will be released the 15th of July
